## S.A. asset managers make magazine's list

### Staff -

Three San Antonio-based asset management companies were included in Wealth Manager magazine's 2009 ranking of the top wealth managers in the country.

Finishing 23rd in the ranking of 407 firms was the Quantitative Group. Netting & Pace CPA's was listed in the 135th slot, and South Texas Money Management was ranked 171st.

The firms were ranked based on the average assets they had under management on a per-client and per-staff member basis. The companies' growth over both one and three years also contributed to the rankings.

The survey results, formerly referred to as Wealth Manager's Top Dogs, were published in the magazine's July/August issue.
